

Avilla Construction Co.

*Avilla Construction Co.
designs, builds and remodels
residential and commercial
properties. Our clients receive
only quality craftsmanship,
materials, and construction
methods. We adhere to high
standards in every project.*

On a hillside lot, main living is set into an expansive one-level plan. Additional in-law/family space is available on the level below, along with an RV garage.

The 4,283 square-foot home, includes (on level one): a formal dining room; a great room (with fireplace); a living room; family dining area; the master suite; two secondary bedrooms; an elaborate kitchen; and laundry room. Below: a game room; a fourth bedroom; a full bath; living room; plus, access to two deep garages with RV doors.

Fernley's newest,
state-of-the-art
entertainment facility
and retail center.

JCPenney

COMMITMENT

Avilla Construction Co. is proud of every home and commercial property we have built, remodeled or enhanced with tenant improvements. In addition to building comfortable homes, our abilities allow us to work with confidence in a wide range of commercial projects. These projects include but are not limited to: restaurants, bars, retail centers, styling salons & spas, bowling centers and family entertainment destinations.
